PROTECT YOUR INTERESTS ON BEACON HILL!

Dear Independent Agent:

The insurance landscape in Massachusetts continues to evolve rapidly. With over **100** insurance-related bills filed this legislative session - and a variety of regulatory changes proposed - Government Relations remains our top priority. In order to be most effective in this space - we need your financial support of **IMPAC**.

Your continued support of IMPAC once again produced positive results last session. Most notably, we successfully defeated legislation that would have required all company rate filings (including proposed commissions) be available to the public. This bill is one of many that have been refiled this session that we will be fighting on your behalf.

We will continue to work hard to ensure a level playing field for independent agents, oppose unnecessary regulation and strengthen and elevate the independent agency system through our efforts on Beacon Hill. To do so, we need to make sure that IMPAC has the resources required to elect and re-elect those candidates and legislators who support independent insurance agents.

IMPAC is a team effort. Help us continue to be your **VOICE** and **ADVOCATE** on Beacon Hill by sending your personal contribution to IMPAC today.

Thank you, in advance, for your continued and generous support of IMPAC.

Sincerely,

Nick Fyntrilkis
Treasurer

Thom De Paulo, CIC
